

# 4th Grade Science Enrichment Days and Field Trip

Dear Parents,

Our fourth graders are going to experience three fun, hands-on science enrichment opportunities between April 17 - 28. The schedule for those activities is highlighted below. In order to make this happen, we are asking that each child send in \$2.00. This will cover the cost of all the activities, including a field trip to Hemlock Crossings County Park on Thursday, April 27.

Tuesday, April 18	Consumer's Energy "EmPowered Kids" program.
Thursday, April 20	Blandford Nature Center "On the Road" program.
Thursday, April 27	Field Trip to Hemlock Crossings County Park to study wetlands, forests and watersheds.

On Thursday, April 27, our students will leave school at 9:00 sharp to head to Hemlock Crossings County Park. Afterward we are heading to Tunnel Park in Holland to eat lunch, play group games, and play on their playground. There is a chance we will run the sand dune on the land side of the dune (not near the lake at all). We ask you dress your child for the weather. We will be going rain or shine to Hemlock Crossings, so please dress him/her accordingly.

For lunch, the students will need a sack lunch in a bag that can be thrown away. Hudsonville Food Service does offer a sack lunch for purchase as well. If you would like to order a sack lunch through our food program for the day, please fill out and return the slip at the bottom of this page.

We do have room for a limited number of chaperones to go. We apologize in advance for the late notice, but dates/times for the trip were not confirmed until recently. Each classroom is allowed 3 chaperones to go. If we have more people volunteer to go than spots available, a random draw will take place to choose the chaperones.

If you have any questions about the week, field trip, or you are willing to be a chaperone please let your child's teacher know. Our email addresses and phone numbers are listed below.
